

## Boys Open Soccer Team - ERREA Cup Semi Final

Taken from Football News column in the Western Weekender August 31<sup>st</sup> 2007.

*"The team produced an excellent performance before going down 0-2 in the penultimate game of the competition. To have reached the final four in the state is a commendable effort: to have reached the final two of the public schools in the state is a magnificent achievement. The game was played at Seymour Shaw Park Miranda and the boys certainly had chances throughout to inflict defeat on their highly rated opposition. The application and dedication of the boys to lift themselves each game was paramount in their charge to the final four. The team must also be commended on their sportsmanship and mateship while on the park. Made up of boys aged 14-18 they showed a maturity beyond their years and always shared a belief they were good enough to win each game. Their opponents on Tuesday, Endeavour Sports, needed to produce some excellent football to defeat the boys. This did not go unnoticed as there were many comments after the game complimenting the Kingswood High School team. Congratulations to all associated with the team and your exemplary representation of yourselves as individuals and collectively of your school."*
