

INDOOR SOCCER

On Thursday 3rd of May the girls and boys senior indoor soccer teams went to represent the school at the Windsor indoor soccer regional championships. Both the boys and the girls were very successful in their respective divisions where each team made it through to the finals series. In the quarter final the boys defeated Kellyville and were drawn to play St Marys Senior. The game was extremely close and came down to a penalty shoot out after a 1-1 score line at full time, unfortunately we lost and it was the end of the tournament for the boys .

The girls won their pool and were drawn to play Kellyville, successfully defeating them to move onto the final. In the final we played a really good attacking game and lead 3-2 into the final minutes. Unfortunately a defensive lapse saw them equalise and the game went into extra time. A penalty shootout ensued and a brilliantly goalkeeping effort from Elise O'Kelly saw her save all shots at her. The other players completed the shoot out by scoring 2 goals and Kingswood were well and truly deserving winners. An awesome effort girls, well done.
